

NOPE!® MIRMEX GR Ant Killer Granules

Product Description

NOPE!® MIRMEX GR Ant Killer Granules is a granular ant insecticide bait for amateur use designed specifically for the control of ants. It is suitable for both indoor and outdoor use. Ants ingest the delayed-action bait and return to the nest. They share the insecticide with every member of the colony until the nest is destroyed. **NOPE!® Mirmex GR** contains a bitter-tasting substance (Denatonium benzoate), helping to protect children and animals.

Benefits

- Kills entire ant colony
- Suitable for indoor and outdoor use
- Bait-coated granules – attractive to ants
- Blue colour – treated areas are visible
- Contains bittering agent – unpalatable to children and pets

Properties

Appearance	Blue granules
Effective Against	Ants
Size(s) & Packaging	500 g
Coverage	15 – 20 g/m ²
Storage	Store at room temperature in a cool, ventilated, dry place protected from exposure to light and/or sunlight.
HSE No.	10733
Active Ingredient(s)	Cypermethrin (0.8%w/w)
Shelf Life	24 months from date of production

Application Information

Always read the product label before use and take note of all the application instructions and usage regulations. Before treatment, remove all natural sources of food from the infested area to increase the likelihood of worker ants ingesting the microgranules and taking it back to the colony.

After a thorough check to determine the level of infestation, sprinkle the product on or near the ant nest. Also spread on surfaces where ants are frequently observed, at a dose of 15 – 20 g/m². One 500 g container treats up to 33 m²

Other Information

Store in the original container tightly closed. Store in a cool, dry, well-ventilated place. It is recommended to keep the product at a temperature between 5°C and 50°C.

Store in a safe place. Keep away from food, drink and animal feedstuffs. Keep out of reach of children and animals. Avoid release to the environment. Dispose of contents/container in accordance with local regulations. Do not reuse empty packaging.

Use biocides safely. Wash hands and exposed skin after use. Always read the label and product information before use.

For full health and safety information consult Safety datasheet (available on request). Always read the label.

NOPE!® Mirmex GR is produced in accordance with ISO 9001 quality management system.
