Application Information

Preparation

The Control of Substances Hazardous to Health (COSHH) regulations apply to the use of this product at work. Ensure that the operator has read the relevant safety data sheet and is wearing the appropriate safety equipment. Always read the

label.

Application

ProBor 10 Professional Use Wood Preservative is intended for application to unpainted, unvarnished timber. All timber surfaces should be cleaned of dust as far as practically possible.

Brush

Apply 1 litre of diluted product per 1 - 2 m² of timber. Three liberal coats should be considered to be the equivalent to a coarse spray treatment.

Spray

Apply 1 litre of diluted product per 3 m² of timber (at least two coats are recommended).

Other Information

For professional use only. For use only as a wood preservative. For full health and safety information consult safety data sheet. This product is approved for use under the Control of Pesticides Regulations (1986) for use as directed. HSE No.9404. Use pesticides safely. Always read the label.
